Year 4 Constructing Bridges

There were three girls in our group that helped to build the bridge. I had lots of fun building this. We had two piles of newspaper to build this bridge. One of us would fold the newspaper and someone else would do the sticky tape. **Kiralee**

I enjoyed working with Josh and Tryelle, first we got newspaper and rolled it up . We attached it to the table with sticky tape. We needed to join two lengths together so that it would reach the other side. We wrapped the newspaper in sticky tape so that it stayed rolled up. Josh and I thought of this . we added legs to it in three places so that our bridge was more stable. **Noah**
